

Why choose active transport?

1. It helps to keep kids active
2. It builds children's confidence, independence and resilience
3. It's a great social opportunity
4. It helps children to connect with their local neighbourhood
5. It reduces emissions and traffic congestion around the school
6. It helps students arrive at school ready to learn.

Using active transport to school links our whole school events such as Ride or Walk to School Days, bike safety checks and competitions to the Department of Transport's Your Move Schools program.
