

Crocodile

Crocodiles are the largest Australian reptiles. Did you know that some of the biggest crocodiles have been known to eat humans?

Crocodiles are covered in scales small and big. They look like giant lizard. Crocodiles have super sharp and shiny teeth.

Crocodiles live in salt water and billabong. They can live in the water and on land.

Wild Crocodiles eat fish, snakes, wallabies, water rats, and birds. Crocodiles drag their prey into the water until they drown.

Did you know? Crocodiles live up to 60 years.
