**Standalone bushfire plan
2020–2021
SPENCER PARK PS
COOLANGARRAS BARMAN**

Purpose

The *Standalone bushfire plan* document is a detailed plan of how your school is to prepare and respond to a catastrophic fire danger rating alert or to a bushfire event.

You must complete this template to have a plan in place to respond to a bushfire emergency until, during and after the attendance of Emergency Services. This plan is to be read in conjunction with the Department of Education *Principal's guide to bushfire*.

All staff, students, contractors and visitors on the school or facility site are to follow this completed plan in the event of a bushfire emergency. All other emergencies are to be managed in accordance with the school's *Emergency and critical incident management plan*.

You are required to complete and lodge your plan online by the 31 August, before the bushfire season begins.

School newsletter sample text

You can use this sample text below can be used to provide the school community with information about a pre-emptive closure.

Pre-emptive (planned) school closure during the bushfire season

[School name] has been place on the Department of Education bushfire zone register as it is located in a designated bushfire risk area.

If a 'Catastrophic' fire danger rating has been declared for the [City/Town/Shire] of [name of your school's local government area], the school may be required to invoke a pre-emptive (planned) closure. A 'Catastrophic' fire danger rating poses a significant threat to the school as if a fire starts, it is likely to be uncontrollable, unpredictable and fast moving.

Parents will receive a text message to inform them of a possible Pre-emptive closure of the school.

The final decision to pre-emptively close the school will be confirmed with the principal no later than 4.30pm on the day before the pre-emptive closure. If the forecast changes after the 4.30pm deadline, the school remains closed to limit confusion within the school community.

Parents will receive a text message to either confirm or reverse a Pre-emptive closure of the school.

Typically, schools will only be required to close for a day at a time. However, this will depend on changing weather conditions. Parents will receive a text message to advise if the school will reopen the day after the pre-emptive closure, or whether it will remain closed.

Parents are encouraged to monitor official bushfire information sources for current information about fire danger ratings:

1) [Emergency WA website](https://www.emergency.wa.gov.au/) - <https://www.emergency.wa.gov.au/>

APPENDIX F

City of Albany approval to use Off-Site evacuation locations:

- a. Recreational Centre – Albany Leisure Centre
- b. Centennial Stadium

Hi Jeremy,

The centennial park precinct including the stadium area and ALAC are good locations for the school to evacuate in case of a fire that may impact the school. All of this precinct is not in a bushfire prone area so would be satisfactory for evacuation.

ALAC has been identified as the evacuation centre for the City of Albany.

If you need any further advice, please feel free to get in touch.

Regards

Brendan

Subject: Evacuation sites for SPPS

Hi Brendan,

As discussed the school would like to include Centennial Stadium and ALAC as two off-site locations for the school to evacuate to, in the event of a major fire incident at SPPS.

Regards

Please Note:

1. The aim of this process is to ensure each staff member receives information about an urgent situation at the earliest opportunity before they return to school. It also ensures that key people are not tied up contacting people when their time should be spent planning an appropriate response.
2. Staff should be familiar with who it is they have to contact in this situation. It is the responsibility of each individual to ensure the message continues along the line. It is recommended that contact should be made directly with the person next in line, rather than a message being left.
3. In the event a person cannot be contacted – contact the next person in line then return to making contact with the previous name.
4. The coordinator is responsible for contacting all relevant outside agencies.

This telephone tree to be updated as needed, with regular reminders and mock runs to be held throughout the year:
